AMANO CINCINNATI

Time Guardian NX

CLOUD-CONNECTED TIME CLOCK

Clock in. Move on.

A dedicated tabletop time clock for Hosted Time Guardian. Employees tap an assigned card or sticker tag to punch—no on-screen menu to navigate.

Buddy Punch Protection gives managers a visual record to review when a punch needs a closer look.

Monthly Hosted Time Guardian subscription required; sold separately.

ONE CONNECTED SOLUTION

Easy at the clock. Easier at payroll.

- **Buddy Punch Protection**
  Review punch photos at the clock to investigate suspected buddy punching.
- **Less manual work**
  Review timecards and exceptions in Hosted Time Guardian with less manual re-entry.
- **Payroll-ready hours**
  Export approved attendance data to supported payroll systems or CSV.

A monthly Hosted Time Guardian subscription is required and sold separately.

How it works

Tap a card

Time Guardian NX

Review time

Hosted Time Guardian
